

INTERNSHIP WORKSHOPS

AT GROUNDS FOR SCULPTURE

Introducing the **New GFS Internship Workshops**. Planning to bring Interns onboard this year? Kick-off the season with a Workshop at GFS and close with an End of Season Celebration. Each experience is designed specifically to support our GFS Business Clients and for your team to sync work styles, develop new skills and, yes, have fun!

Season Kick-Off

This half-day outing begins with a “Get to Know the Team” workshop for both interns and staff, and includes:

- Compass Activity – an icebreaker to activate and assimilate working styles
- Beyond the Limits Workshop – a sculpture building activity to build skills in communication, collaboration, solution-oriented thinking, and more.
- Private Guided Tour of art-filled gardens and exhibitions.

Activities can be customized to meet your business themes and goals.

Closing Celebration

Conclude your internship season with one of our signature adventures:

- GFS Sculpture Hunt, a light and fast-paced activity with prizes awarded for the team finishing with the most points.
- Take a Second Look Challenge, which takes the Sculpture Hunt to a new level – and with a twist.
