Comedy Night at Grounds For Sculpture

BIOGRAPHIES

BRONSTON JONES (host) has performed stand-up from coast-to-coast and across-the-pond. He was resident host of Venice Underground Comedy, LA's biggest independent weekly show for a decade. Bronston has done seven separate Edinburgh Fringe Festival solo hours. Do people find him funny? Some critics loved him. Some hated him. LA Weekly called him "certifiably unique," which could go either way. You probably missed him on CMT, WEtv and TruTV, and shouldn't watch or listen to his special *"She Has to Take this Call"* on Amazon. He apologizes if you do. For fun, you can watch him "act" as a Bad Egg for Animals Australia. Totally unrelated, before comedy Bronston was a commercial and music video director working with such talent as Darius Rucker, Uncle Kracker, Tommy Lee, Whoopi Goldberg, Olympic Gold Medalists, NFL players and more. SAMANTHA RUDDY tells jokes, writes funny stuff, and has strong opinions on Mountain Dew iterations. Samantha has performed standup on The Tonight Show with Jimmy Fallon and The Late Show with Stephen Colbert. She's also been heard on NPR and appeared in videos for Comedy Central and Marvel. Her debut comedy album, *Logging Out*, was named one of the best comedy albums of 2020 by NPR and is the reason Paste Magazine referred to her as a "joke machine." (samantharuddy.com)
